Your new credit card

Good reasons to order your
new Mastercard® now.

Your new Mastercard® – order yours now!

Benefit from the extensive advantages of a powerful credit card in the future. We are offering you the Mastercard® Gold or the Mastercard® Business Gold – each with an attractive range of services and insurance benefits. Read on for detailed information.

Mobile Payments

Apple Pay or the Android app

With your new card, mobile payments via smartphone are available. This allows contactless payments simply by holding your smartphone up to a payment terminal – cashless, convenient and secure. In order to use this service, please note that online banking is required along with an NFC-enabled smartphone. Good to know: Mobile payments are also possible without an internet connection.

For iOS
in the Wallet app

For Apple users, we now offer Apple Pay as a payment option. Apple Pay is the integrated payment system available on all Apple devices. Just add your card to the pre-installed Wallet app to start using your smartphone for mobile payments.

For Android

If you would like to pay via an Android device, please install the corresponding Android application, which allows you to add virtual credit and debit cards.

You can download the app by scanning the QR code.

Insurance Services

Mastercard® Gold

With your Mastercard® Gold, you enjoy attractive insurance benefits.

Travel service insurance

Worldwide 24 hours emergency assistance when travelling abroad.

Overseas travel health insurance

Reimbursement of costs for necessary medical treatment abroad in the event of acute illness or accidental injury.

Travel cancellation and trip interruption insurance

Reimbursement of cancellation or return travel costs if a trip cannot be started or has to be cut short for reasons covered by insurance.

Transport accident insurance

Worldwide coverage when using, for example, aircrafts, rental cars, trains or staying in hotels – as long as the trip is paid for by using the card.

Overseas vehicle assistance insurance

Organisational and/or financial assistance in the event of a breakdown, accident or vehicle theft abroad – including rental cars.

Mastercard® Business Gold (additional)

Travel baggage insurance

Reimbursement of the current value of baggage in the event of damage or loss, for instance due to theft or accident.

Flight delay insurance

Reimbursement of expenses incurred due to unexpected travel interruptions or delays.

At a Glance

- Cards made from recycled material with climate-friendly delivery

Your new Mastercard® credit card is as secure as your current credit card – but even more convenient and versatile.

Our Promise

Sustainability

With the new cards, we are taking another step towards sustainability.

Besides its modern design, your new card is manufactured from 100% recycled material.

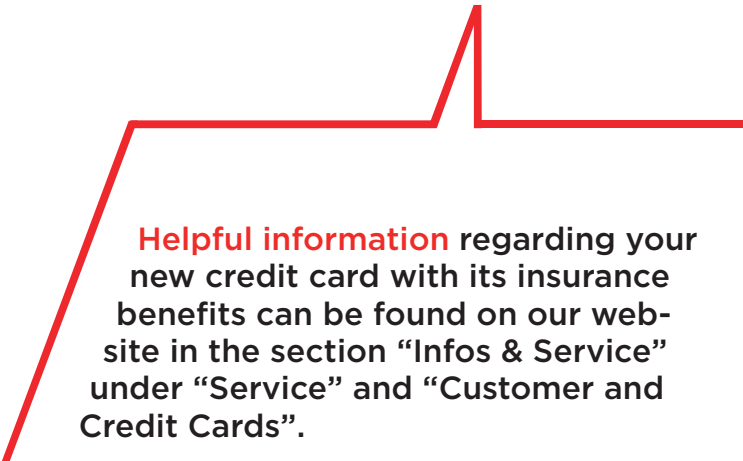

We have arranged with our card producer to switch future mailings to the climate-friendly “GoGreen” service, which is offered by Deutsche Post AG. CO2 emissions generated during transport are offset through investments in recognised climate protection projects.

Mastercard has launched the “Priceless Planet Coalition”, a global climate protection initiative that is committed to restoring forest landscapes through several projects.

FAQs about the new credit card

- 1. Will any of my current terms and conditions change?**
Please refer to the card application form for the terms and conditions and the range of services of your new credit card – including new insurance benefits.
- 2. Will my card number or PIN code change?**
